**Filling the water tub**
1. Slide the latch and lift open the flip lid.
2. Remove the water tub.
3. Fill the water tub (through the center hole) with distilled or deionized water up to the maximum water level mark (380 mL).
4. Return the water tub to the H5i.
5. Close the flip lid ensuring that it clicks into place.
**Setup**

1. Align your H5i with your S9 and push them together until they click into place.
2. Connect the DC plug of the power supply unit to the rear of the S9.
3. Connect the power cord to the power supply unit.
4. Plug the other end of the power cord into the power outlet.
5. Connect one end of the air tubing firmly onto the air outlet.
6. Connect the assembled mask system to the free end of the air tubing.

*Notes:*
- For more information on assembling your mask see your mask user guide.
- Recommended masks are available on www.resmed.com on the Products page under Service & Support.

**Adjusting Climate Control**

This feature is available only if the ClimateLine heated air tubing is connected. You can adjust the air temperature to find the setting that is most comfortable for you.

1. From your HOME screen, turn until the CLIMATE CTRL screen is displayed in blue.
2. Press . The selection is highlighted in orange.
3. Turn until the temperature that you require is displayed.
4. Press to confirm your choice.

**Changing your EPR setting**

This feature is available only if enabled by your clinician. Expiratory Pressure Relief (EPR) is designed to make therapy more comfortable, by reducing the pressure delivered to your mask during exhalation.

1. Press . The SETTINGS screen is displayed.
2. Turn until EPR Level is displayed in blue.
3. Press . The selection is highlighted in orange.
4. Turn until the EPR Level setting that you require is displayed.
5. Press to confirm your choice.
6. Press to return to the HOME screen.

**Adjusting humidity level**

Ranging from OFF to 6, you can adjust the humidity level at any time to find the setting that is most comfortable for you. To adjust your level of humidity:

1. From your HOME screen, turn until the HUMIDITY LEVEL screen is displayed in blue.
2. Press . The selection is highlighted in orange.
3. Turn until the humidity level that you require is displayed.
4. Press to confirm your choice.
