Introducing Refresh™ – Apria’s Home Enteral Nutrition Support Program.

Healthcare professionals are entrusted to safely and effectively help patients return home on enteral nutrition therapy. Apria’s Refresh™ program can help ensure that each patient transition is smooth and seamless.

Our highly-skilled team of dedicated customer care professionals can help expedite the process and will assist with on-boarding, on-site insurance verification and Medicare qualification, and will support the coordination of home nutrition care.

The company’s Nutrition Support Dietitians screen and assess all patients, develop nutrition plans, monitor therapy and provide expert education.

Each Apria Refresh™ team member is dedicated to focusing on patient comfort, satisfaction, health outcomes and quality of life throughout the duration of therapy.

Call one of our dedicated Refresh™ team members at 844-260-1788.

**Respiratory**

**Your Service Need Is Our Commitment**

Apria is committed to providing the prescriber and patient with exceptional service and outstanding care.

- Home Oxygen
- Non-Invasive Ventilation (NIV)
- Adult Nebulizers and Inhalation Drugs
- Overnight Oximetry Testing

**Home Oxygen Services**

Apria offers stationary, portable, and oxygen conserving options, which come with on-call support.

**Non-Invasive Ventilation**

Apria’s respiratory therapists are personally involved in managing the treatment and care of NIV patients.

They provide:

- Patient home assessment prior to setup
- Comprehensive training and instruction on the equipment
- Personal home visits to assess the patient’s comfort and compliance with therapy for the first three months and then quarterly thereafter
- An ongoing resource for questions and support to help the patient best acclimate to therapy

**Inhalation Respiratory Drugs**

Apria Pharmacy Network™ is a premiere homecare pharmacy network that provides convenient no-charge home delivery of medications. If you have Medicare, up to 80% of your respiratory medications may be covered. Apria Pharmacy Network™ also works with many other insurance companies that may cover your prescription.

To order, refill, or transfer your prescriptions, call 800.780.1076. (Monday – Friday, 8 am – 5 pm CST)
Sleep Therapy

As a leader in providing sleep-disordered breathing therapies, Apria knows that long-term use is key to preventing recurring symptoms. To help patients quickly acclimate and remain on therapy, the company provides equipment training, clinical assessments, and ongoing monitoring to identify and address individual needs.

Apria’s Sleep Management Program
Apria has a comprehensive Sleep Management Program to screen for and treat sleep-disordered breathing. In fact, Apria is the largest provider of Positive Airway Pressure equipment in the U.S.

- Wide selection of devices and masks from virtually all sleep manufacturers
- Long-term therapy management program

Ordering Sleep Supplies
Sleep supplies should be replaced at given intervals for optimum care. At Apria, we have several ways to make reordering supplies easy and convenient.

Easy ordering options:
- Sleep supplies can be reordered via phone at 877.265.2426
- Patients can choose to receive an automated phone call to prompt them to reorder supplies
- Patients can enroll in Apria’s opt-in program to automatically receive resupply shipments on an on-going basis. (Not all insurance plans. Please inquire for more details.)

Wound Care

Apria’s Negative Pressure Wound Therapy (NPWT) program provides patients with individualized care and advanced products – all designed to achieve a high success rate in healing wounds.

Not only does the company strive to help wounds heal faster, it also aims to reduce complications and eliminate re-hospitalizations.

- Superior Service
  - On-call service, 24 hours a day, 365 days a year
  - More than 700 clinicians and therapists on staff
  - Patient follow-up provided by expert clinicians

Why Apria?

Apria Healthcare is America’s leading provider of integrated home healthcare services and equipment.

Apria employs nearly 8,000 healthcare professionals in more than 375 branch offices across the nation.

Apria is contracted with most insurance companies and managed care organizations to provide a comprehensive range of therapies, services, and expertise in your area.

- Home Oxygen Therapy and Respiratory Services
- Non-Invasive Ventilation Therapy
- Sleep Therapy and Supply Refills
- Negative Pressure Wound Therapy
- Enteral Nutrition Support

Billing
Apria offers several convenient ways for patients to review and pay balances: Online, phone, and mail.

Online e-pay – Patients can view statements online, receive email statements, and pay their bills online.

Simply login or enroll at epay.apria.com. It’s fast and easy.
